NEW CHURCH FROM OLD ONE.

REV. M. BERRY'S FOLLOWERS ORGANIZE.

First Service Held Yesterday—No Unpleasant Reference to Presbyterian Troubles in Highland Park. Pastor Prays for Peace and Advises His People to Forget Past.

The new Presbyterian Church in Highland Park, which has resulted in the withdrawal of 100 or more to go with their old pastor, Rev. F. P. Berry, into a new organization, that one was a child of the same old mother, and we cannot do without them. And so, in preaching of the gospel, we are not preaching of the gospel, we are preaching of the gospel.

Dr. Berry announced yesterday afternoon that he would not attempt to preach but wanted to have a little heart to heart talk with his congregation.

"We have passed through a severe trial," said the minister. "It has been a severe trial, and I do not intend to speak of it except to say that it would be best for us to refer to it as a trial, and to banish from our minds any spirit of vindictiveness."

Dr. Berry then gave a short discourse on the parables which set forth the character of the kingdom of heaven. "Those of you who are here," he said, "in a new manner, and were full of life for those who have been in the knowledge of the Christian life."

"We are about to start a new organization. There is always hopefulness in which we live. Let us take on the type of newness and joy in the gospel of Jesus Christ, to which we are called by the grace of God."

At the address there was a congregational singing in which a general committee of five, composed of Messrs. J. W. Jeffers, Carl Packard, Campbell, Park, and others, were elected to take charge of the church affairs until the organization of the new church.

ANTI-CIGARETTE LEAGUE. Asks Street Railway Companies to Prohibit Smoking on Cars Within City Limits.

A number of resolutions were passed at the meeting of the California Anti-Cigarette League in the Chamber of Commerce building yesterday afternoon. One of the resolutions was to the street railway companies. It asks that smoking be prohibited on all cars within the city limits. It was stated that the street railways have more women than men and that the prohibition of smoking will increase the revenue of the railways.

Within a few weeks the league expects to have a campaign wagon on the street, from which will be preached anti-cigarette doctrine.

CHAMBERLAIN'S Cough Remedy. Contains no Opium or other harmful drug.

Why take the risk of drinking impure water? Puritas is distilled twice—acrated to renew the oxygen and put in sealed demijohns and bottles that have been thoroughly sterilized.

5-gallon demijohn, etc. Telephone—Ex. 1.

Strong in Righteous Wrath. Senator Culberson of Texas tells a good story about an old gentleman who was one of the early settlers of the now famous town of Brownsville on the Rio Grande. The old gentleman referred to was a good Methodist, but possessed a fiery temper, and when aroused he was by no means a pleasant subject to come in contact with.

CAR DASHES DOWN GRADE.

Hits Telegraph Poles After
Jumping Track.

Nine Passengers Hurt, None
Very Seriously.

Motorman Leaps and Loses
His Right Foot.

Saved from more complete destruction by a line of telephone and telegraph poles, Inter-urban car No. 823 yesterday afternoon rushed down the steep incline on Beacon street in San Pedro, and left the tracks at the

Photograph of the wrecked car taken ten minutes after the accident happened.

sharp curve at the corner of Sixth street. The car crashed into the poles which thickly stud the corner, and which prevented it from turning over. This alone saved the ten passengers from more serious injuries. None of them was dangerously hurt, but the motorman, R. C. Gill, jumped from the car, but fell partly under the wheels of the rear track and his right foot was mangled. He was brought to Los Angeles and the injured member was amputated at the Emergency and General Hospital.

THE INJURED.
R. C. GILL, motorman of the Los Angeles Inter-urban, foot mangled and amputated at the Emergency and General Hospital.

PETER COOPER, No. 230 East Third street, cut on head and on right

J. M. WATTS, No. 128 East Third street, badly shaken and bruised.

W. J. HUNTER, No. 808 Garland avenue, shaken and bruised and cut on arm.

MRS. W. J. HUNTER, No. 808 Garland avenue, bruised and shocked, neck strained.

LOUIS MURLOCK, windows, badly shaken.

ROY STURTEVANT, Seventh and Main streets, thrown through window and cut by glass.

MRS. A. GARTHWAIT, Redondo, bruised.

MRS. FORGENSEN, shaken.

HURLED THROUGH WINDOW.

The car was in San Pedro at 2 o'clock, and was coming down Beacon street when the motorman lost control. Exactly what was the cause is not known, but officials of the electric line stated last night that a brake rod had snapped. The car rushed down the steep grade, at a fearful rate, and left the tracks at the sharp curve at the bottom. It went sideways against the line of telephone poles. One passenger, Mrs. W. J. Hunter, of No. 808 Garland street, was hurled through a window against the side of a store. Despite this experience, he was not badly injured.

Mrs. W. J. Hunter, of No. 808 Garland avenue, was severely bruised by being thrown against one of the poles, and it was supposed at first that she was badly injured, but after she had been brought to Los Angeles and taken home in a cab, it was found that she was suffering mainly from shock.

Miss Grace Brinkard, a Sunset telephone operator, saw the accident from the window of the telephone company's office. She immediately called up local physicians and told them that their services were needed. Dr. Gwaltney, Wynn and Reynolds responded and did all they could to aid the injured.

Others also rendered assistance, and helped passengers from the car.

The more seriously injured were placed on board car No. 27 of the Pacific Electric line and hurried to this city, where physicians were in waiting at the emergency hospital of the city.

Company Gill, the motorman, and Peter Cooper, who was cut on the head, were immediately taken to the Emergency and General Hospital. The rest of the passengers brought up were not much hurt, and were taken to their homes.

MANY MOURN TRAGIC DEATH OF
LAW SUN SING.

Takes Poison by Mistake and Ends
Comes Quickly—Christian and Sec-
retary of Epworth of Methodist
Mission—Special Honor Paid at
Funeral—Beautiful Floral Offerings.

The funeral of Law Sun Sing, who has been in the employ of the homeopathic pharmacy in the Mason block, Fourth street and Broadway, was held yesterday at Pierce Bros' chapel. Law Sun Sing met his death in a very sudden and peculiar way.

At Thursday afternoon, his illness lasted less than an hour. A coroner's inquest was held the following day, which revealed the fact that he died from accidental poisoning.

Some four weeks ago the young man fell from a moving street car, but it was not thought at the time that he was seriously injured. He was a member of the Methodist Episcopal Chinese mission, and lived in the mission dormitories at No. 124 1/2 North Los Angeles street, where several Chinese men make their home. After his accident he resumed work in a cou-

ple of days, but complained of not feeling well. Thursday noon, as was his custom, he went from the store to his room for luncheon. He ate some rice and afterward took some medicine. He was seized immediately with terrible pains and vomiting and died within an hour. Dr. F. Corbin was hurriedly summoned, but could not save Law's life.

Dr. Lanterman states that the analysis of the stomach indicated poisoning by aniline or carbide. Law Sun had been in the employ of the pharmacy for about two years and his former employer, Dr. Webster, cannot speak too highly of him. "He was one of the best men in the store," he said, "and his place cannot be soon filled." He states that when Law Sun complained of not feeling well he prescribed a remedy. In his opinion the young man made a mistake and took the wrong medicine.

The funeral was largely attended, and Dr. George F. Howard, president of the University of Southern California, conducted the service. Law Sun, who was of the same family as Law Ark Fawn, the well-known interpreter, was a prominent member of his Methodist mission and the secretary of its Epworth League. Not a boy in the

town that was spanked—Venice—The sentence of one month imposed upon it by the Ocean Park Trustees, on account of the ruin of two little girls in Venice groceries, went into effect yesterday.

It was the first "closed Sunday." Nearly all the well-known Venice resorts were behind shutters.

Almost for the first time since its building, the ship hotel was closed and empty.

Only the sunbathers danced in the locked-up public dance hall. The auditorium was open, but the women's orchestra harped to only a few patrons, who were limited to lemonade and ice cream.

The streets were well filled with people, yet it was only a fraction of the usual Sunday crowd.

W. J. Hunter, No. 808 Garland street, with a third-Dick Small—brought this disaster upon Venice—a resort famous the country over.

It is certainly one of the most unique events that ever happened on this Coast.

DISINCORPORATION POSSIBLE.

Just the brutal ruin of two pitiful little girls—yet it may result in disincorporating the town. Many Venice business men threaten to go out of business if the Trustees do not relent.

Their new Sunday license taken away for a month because of the horrible stories of Stanford White.

American towns indicate a lot, but when retribution comes, it is swift and terrible.

The buried twins, on whose account Venice has been punished, are still in the county Juvenile Detention home; so swiftly has vengeance come.

Where Argentina Beats Us.

Argentina is considered the acme of South American civilization, and to the college public the work this spring has been greatly glorified by the unusual amount of weather. Not for years have there been so few days when the main track was dry and ready for really good work, and as a result the men have had to depend more upon long cross-country runs over the hills and over the grasslands. At the beginning of the season the outlook was far from promising. The university had lost such men as Sullivan, in the hundred and two-hundred-yard dashes and broad jump; Sperry, in the hammer throw, shot put, and jumps; Gilmore, in the shot put; Wheeler, in the two-mile, and Tachens in the hammer-throw and "four-forty." Besides several other probable point winners. But at the big rally that started the track season, over 100 men signed up the larger part, of course, being practically green men. From such a squad Trainer Christie and Frank Wilson expect to be able to pick a strong team for the season.

Everything that the United States can grow Argentina can grow, and with which they have taken the long hard ports wheat to the eastern world, the price of bread is higher than when the United States was the world's granary.

At the beginning of the season the outlook was far from promising. The university had lost such men as Sullivan, in the hundred and two-hundred-yard dashes and broad jump; Sperry, in the hammer throw, shot put, and jumps; Gilmore, in the shot put; Wheeler, in the two-mile, and Tachens in the hammer-throw and "four-forty." Besides several other probable point winners. But at the big rally that started the track season, over 100 men signed up the larger part, of course, being practically green men. From such a squad Trainer Christie and Frank Wilson expect to be able to pick a strong team for the season.

Everything that the United States can grow Argentina can grow, and with which they have taken the long hard ports wheat to the eastern world, the price of bread is higher than when the United States was the world's granary.

Argentina is considered the acme of South American civilization, and to the college public the work this spring has been greatly glorified by the unusual amount of weather. Not for years have there been so few days when the main track was dry and ready for really good work, and as a result the men have had to depend more upon long cross-country runs over the hills and over the grasslands. LOWER WATER
PLAN FOR SLIDING SCALE TO
EQUALIZE EXPENSE.

Claim Is That Small Users Now Pay More Proportionately Than Those Using Great Quantities of Water—Road Improvement a Problem—Horses Arriving from North.

PARADISE, March 4.—A movement has been started to rearrange the water rates in order to relieve the smaller users of some of the burden which they now bear. The matter has been considered from time to time, but up to the present no active steps have been taken. At a meeting of the directors of the Pasadena Land and Water Company and a committee of the Council, held last week, the matter was brought up at length, and a scheme was proposed which the other companies concur, will, it is thought, furnish a satisfactory solution of the difficulty.

The plan is to lower the minimum rate for the first thousand feet and to make a sliding scale for the remainder of the water used, thereby taking the strain from the small user and putting a portion of the expense upon the larger user. A number of the committee who took part in the discussion stated that there seemed to be a chance of reaching a satisfactory settlement should the other companies only agree to the plan.

The Council committee will meet with the directors of the other companies in an effort to induce them to reduce the water rates to the small users. If a satisfactory agreement can be reached there is every reason to believe that the water rates will be reduced. The committee will also be asked to consider the matter of road improvement, and it is expected that a recommendation will be made on this subject.

Property owners on Dakota street are much exercised over the condition of that street, and at the meeting of the City Council on Tuesday morning a resolution was passed that the street be repaved. It is hoped that action will be taken at once, as the street is in a very bad condition, and it is expected that the repaving will be completed by the end of the month.

A prominent man, whose home is on Sunset avenue, and who has been in the city for some time, has been arrested on a charge of kidnapping. He was taken to the police station and is being held for further investigation.

The talk of annexing Altadena, which has been indulged in from time to time for several years past, is again going on. It is thought that the city of Pasadena is planning to annex Altadena, and it is expected that the matter will be brought up at the next meeting of the City Council.

FRANTIC WOMAN TRIES TO REENTER BLAZING BUILDING AS ROOF FALLS. Citizens Set Date to Celebrate New Long Beach Charter—City Will Have First-Class Postoffice.

LONG BEACH, March 3.—Mr. and Mrs. George W. Ray, 60 years of age, narrowly escaped being cremated in their cottage at 22 West Beach street at 5 o'clock this morning. Mrs. F. W. Ray, a neighbor, was awakened by the cracking of burning wood, looking out of her window she saw the Ray cottage was on fire. Without waiting to dress, Mrs. Ray ran over and awakened Mr. and Mrs. Ray, who escaped in their night clothes, passing only to save a gold watch and a purse containing \$20.

The fire department responded promptly and succeeded in confining the fire to the Ray cottage, which, with its contents, was totally destroyed. The Ray family escaped with only minor injuries. The fire was caused by a gas leak in the kitchen. The Ray family is now staying with friends.

At a mass meeting of citizens last night preliminary steps were taken towards raising for the big celebration in honor of the City Charter. The committee is composed of Mayor Downes, Prof. Morrell, and a number of other prominent citizens. The celebration is to be held on the 10th of May.

MISS JULIE FLORENCE WALSH

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs. No other medicine in the country has received such widespread and unqualified endorsement. No other medicine has such a record of curing female ills.

Miss J. F. Walsh, of 328 W. 30th St., New York City, writes: "Lydia E. Pinkham's Vegetable Compound has been of inestimable value in restoring my health. I suffered from female illness which caused dizziness, nervousness, and pain in my back, but your medicine soon brought about a change in my general condition, built me up and made me perfectly well."

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

WOMEN SUFFER

Many women suffer in silence and drift along from bad to worse, knowing that they ought to have immediate assistance.

How many women do you know who are perfectly well and strong? The cause may be easily traced to some feminine derangement which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, dragging sensations, dizziness, nervousness, and sleeplessness.

These symptoms are but warnings that there is danger ahead, and unless heeded, a life of suffering or a miserable operation is the inevitable result. The best remedy for all these symptoms is

Absence Doesn't Worry Wife.

A dispatch from San Francisco states that Milton A. Clemens of No. 604 Edgewood road, this city, is mysteriously missing. He had left San Francisco for his home with him last Tuesday evening, and the word of him has since been heard, says the dispatch. Mrs. Clemens, when seen at her home last night by a Times reporter, said she was not worried about her husband's absence. She said he had gone to San Francisco on a business deal and she did not expect him to return until this was completed. The dispatch concerning his disappearance was dismissed as not worth considering and said she was not willing to discuss the matter any further than to say that she presumed he would return home when he got good and ready.

BREVITIES.

J. W. Fry has moved his stock of musical, gramophone and records to his warehouse, corner Los Angeles and Twelfth streets. There can be seen the largest assortment of black and brown gramophone records to be found in the United States. Lowest prices prevail—buy of the maker.

An extraordinary new line of framed pictures, consisting of engravings, hand-colored photographs, etc., will be placed on sale Monday at just half price. The McCluskey-Kass Co., 211 Wilshire street, between Main, bet. 4th and 5th.

"Why buy a lunch today when you can get a good three-course dinner at Hotel California, Second and Hill streets for 50 cents. 11:30 to 2 P.M."

It depends upon where you buy your shoes. Cummings's Store, Fourth and Broadway, will show that today for service.

BURIED UNDER TOURING CAR.

WHOLE FAMILY HURT BY AUTO TURNING OVER.

E. O. McLaughlin Loses Control of Machine Which Plunges Down Hill and Strikes Boulder—Little Boy Dangerously Injured, but His Recovery is Probable.

As the result of an automobile accident yesterday afternoon on Sunset boulevard, between Hollywood and Sherman, six members of the household of Eugene O. McLaughlin, of No. 2400 South Figueroa street, have sustained injuries. The injured are:

E. O. McLaughlin, back sprained and shoulders bruised.
MRS. E. O. McLaughlin, both knees cut, deep cut on forehead, and cuts on nose.
MRS. HAMMILL, mother of Mrs. McLaughlin, shoulder sprained and severe bruising on body.

EDWARD McLAUGHLIN, aged 3 years, struck on forehead and sustained concussion of the brain.
CYNTHIA McLAUGHLIN, aged 11, bruised about shoulders and arms.

HORTENSE McLAUGHLIN, aged 5 years, returning home from school and was struck on the head by the car.

E. O. McLaughlin, who is connected with the Union Hardware and Metal Company, yesterday afternoon took his family in his large touring car for a spin out Hollywood way and soon met friends who were along with him. They had made the trip out toward the Hammill & Denker ranch, and were returning home by way of Sherman and Hollywood when the accident took place, about 3 o'clock.

The trouble occurred on a steep hill just northeast of Sherman, and about three miles from Hollywood. A high embankment, skirted with a row of palm trees, runs along the north side of the boulevard, and the south side drops off suddenly to the fields below.

While starting down this hill on the way to Los Angeles, Mr. McLaughlin lost control of the touring car, and it dashed forward with a constantly increasing rate of speed until it at last struck a huge boulder and turned over, with the occupants.

Those who witnessed the accident declare it is wonderful that the party was not killed outright. Friends following in other automobiles saw the car as it started on its dash down the hill, and at once realized that it was beyond control; but they were helpless to avert the crash, and watched for it with horror, creeping over the top of the hill.

Hastening to the relief of the injured, they lifted the car and released the McLaughlins and Mrs. Hammill. The end of the car was lying directly across Mr. McLaughlin's back, a weight sufficient to injure him, and he was unconscious, and received temporary treatment at Hollywood before being brought back to the city.

As soon as they could be moved the injured persons were taken to their home, and there Dr. M. L. Moore gave them temporary treatment. It was stated last night that while all would be confined to the house for several days, he considered none of the cases serious except that of little HORTENSE, who, at a late hour last night the lad had recovered consciousness, and his condition was such as to indicate that he will recover.
